Palliative Care to Hospice: Forging an Effective Partnership

Previously Recorded

WEBINAR

Presented in partnership with the
Missouri Hospice & Palliative Care Association

With the proliferation of Palliative Care programs the continuum in end of life care is evolving, changing the dynamics in referral patterns and utilization of hospice. This webinar will explore these changes, examine research regarding evolving referral patterns, address issues impacting decisions to enroll in hospice, and discuss strategies to optimize timeliness of referrals.

Faculty

Dennis Cox, LCSW
Educator, Advanced Illness Management Program
Sutter Care at Home

Audience

Administrative and clinical staff

CE Credit

Provider approved by the California Board of Registered Nursing, Provider Number CEP 11389 for 1.5 contact hours.

Course meets the qualifications for 1.5 hours of continuing education credit for MFTs, LPCCs, LEPs and/or LCSWs as required by the California Board of Behavioral Sciences.

Objectives

- Participants will have an increased awareness and appreciation of the value and effectiveness of palliative care programs in educating and assessing patients;
- Identify the issues palliative care and hospice programs face in determining appropriate patient care;
- Participants will have a clearer understanding of the physiological and psychosocial factors which impact whether palliative care or hospice is the appropriate service to care for a patient, and when is the optimal time to transition; and
- Participants will be equipped with ideas for staff training to increase their effectiveness in caring for and transferring patients to hospice at the appropriate time.

Fees

CHAPCA or MPHCA member: $125
Non-member: $225
CE Credit: $15
