Webinar

The Hospice Annual Utilization Report is a mandatory licensing report that every hospice must complete each spring. This webinar will assist new filers or those who may have had questions regarding how to access the ALIRTS system, set up new users, complete reports, or clarify questionable areas within the report. The first half of the presentation is a tutorial of basic ALIRTS functionalities, which includes starting and submitting reports, user accounts, viewing facility information, etc. The second half will focus on the details and traditional problems of the sections of the hospice report.
